For online donations, GAP receives the donation amount less the service fee.

- Donors are given the option to pay the service fee. If this happens we receive 100% of the donation entered
- For example, donor pays \$50 plus a \$2.50 service fee totaling \$52.50. GAP receives \$50. If the donor does not want to pay the service fee, then GAP would receive \$47.50 with a \$50 total paid by the donor
